Good Evening,

I would be happy to book hotel rooms for anyone who has not yet done so. I will follow up with each of you Monday morning.

Sincerely,

Stephanie Taylor

Flight schedule was not in my favor. I'll be arriving 11:15 a.m. on 10/7 and departing 1:52 on 10/9.

I booked at the Little Rock Marriott at 3 Statehouse Plaza which seems close enough to where we need to be. If I should book elsewhere please advise.

Thanks-

~Kirsten

Hey Chris,

Awesome, glad you can make it! Let's meet up for sure – I can show you the new lab space and we can catch up.

Chris, Jack, Kirsten, Marilyn, Ed, and Bill:

First, welcome to Bill to this thread and thank you for your willingness to participate in this hearing.

Thanks as well to each of you for responding to this invitation and for the efforts to accommodate this schedule. Here are the parameters for the events as they exist now:

Informational and introduction dinner with Committee members: Monday, October 7, a dinner meeting at a location and time to be determined. Flying into Little Rock arriving that afternoon will be fine.

AKA will make hotel arrangements.

The Hearing is scheduled to begin at 1 pm on Tuesday, October 8. We have requested specific information on time limits for testimony. We will make the request for the panel of scientists to be heard first to allow for flexibility to leave Little Rock in the late afternoon. I will pass along that information as soon as we receive it. The Committee would like to have any PowerPoints or documents as soon as they can be submitted.

That is as much information as I have now, but will get back to you soon.

Best regards,

Mac

Hi Everyone,

I have a big doctor's appointment on Monday and a colonoscopy scheduled for Tuesday, October 8th. Boy would I like to cancel that but both were hard to schedule with my travel schedule. Where exactly and when would we need to be there on the 7th and when could be leave on the 8th. I could look into flight schedules and see if I could make it work. Any chance for remote presentations? I understand that these things pop up with little notice. It is just so hard to be able to respond when so committed otherwise. If you can give me those details, I will try to see if I can possibly do it.

Best,  
Marilyn

The Arkansas Legislature is convening an interim committee hearing on kratom and whether the KCPA should replace the current ban on kratom in the state.

The Chair of the Committee would like to hear from scientists on the current scientific landscape at the Hearing on October 8th, and is planning an introduction dinner the evening before (Oct. 7th). I am reaching out to determine your availability to participate in both the dinner on October 7 and the Hearing on October 8.

They are inviting participants to provide any powerpoints or documents that you would like to present as soon as we can submit them.

Please advise on your availability to participate.

Thanks,

Mac

According to a communication with Mac over the weekend, the hearing has been moved to Monday, 7th. If this is the case, I will most likely arrive that morning and leave that afternoon. Can you confirm if the new date is official? I will need to change my existing ticket.

Dear Christopher,

Reminder to [join us this Wednesday September 18th at 8:30pm ET for an Advocacy Webinar and some exciting announcements.](#)

Some of what we'll be covering:

Last week the House Committee on Energy and Commerce came after kratom hard with Rep. Kathy Castor of Florida pushing the FDA to remove all kratom products and promulgating the Tampa Bay Times stories. Media outlets like Bloomberg published a slanted scare tactic mini-documentary on kratom that's sure to spur more lawsuits and local ban attacks. Also, Indonesia is adopting kratom export regulations that likely will have unnecessary negative impacts on US consumers.

But the AKA team isn't rattled. We'll go over how we're pushing back on all of this and working hard with your support to keep kratom safe for American consumers.

Plus we've got good news to go over like our new Veterans Advocacy program, new Hall of Fame inductees, and a really awesome event coming up soon.

So please register to join us Wednesday evening if you haven't already, and share the link with other advocates!
